

Themics Philippines Inc. is a multi-utility company for themed attractions and IP items. Located at the heart of the Philippines and with access to talented people across the country, we create high quality items for hotels, museums, resorts, theme parks, and other tourism businesses. Specializing in theming and design, we are fully committed to bringing top quality products to our clients that meet the high standards of the industry. The team behind Themics has been working in the industry for more than 40 years with various clients, both local and abroad. With this experience, Themics Philippines Inc. is continually growing, improving, and reaching new horizons for our clients.

Themics Philippines Inc. uses durable materials such as fiber glass, resin, rubber, or other similar medium based on the client's preference and requirements of the project. In addition, very capable and experienced workers will be working on fabrication and guaranteeing customers a high-quality output. Themics Philippines Inc. is composed of a group that come from various theming and design aspects. We have highly-skilled experts in fiber and resin, rubber, structural, mechanical, electrical, programming, lighting, digital arts and concept design.

This abundance of experience, knowledge and technique makes Themics a multi-utility company that can bring more life and excitement to your projects without compromising quality, safety, and affordability. With the team behind Themics, we can be your new turn-key supplier for Animatronics, Lighting, and Theming.

Do you have an idea? Let's turn it into reality!

THEMICS  **THEMING EXPERTS**

Beijing Theme Park

Beijing, China

PARADE FLOATS

In every child, there is a dream to go on a trip and have endless fun at a theme park. Our inner kids heart was ecstatic to work for this theme park. We were part of building colorful parade floats with lights and animatronics that really make the park a paradise, for kids and kids at heart.

Corpus The Netherlands, China

INSIDE THE HUMAN BODY

The Corpus Museum is a human biology interactive museum, taking visitors on a journey through the human body. The team fabricated the scenic theming, interactive show equipment and other items, to help provide both education and entertainment for the young and adults alike.

Holiday Park Germany

DINO SPLASH

They say that dinosaurs are extinct... not at Holiday Park, Germany! Walk around the park and be fascinated by various dinosaurs both static and animatronic. Our creative designers put as much details as possible to the dinosaurs to make them look life-like, and with our trusted animatronics partner, we made a realistic moving T-rex, Brachiosaurus, Velociraptors, and much more!

Wickie Splash Battle

De Panne, Belgium,
Kownaty Poland

INTERACTIVE THEMING

Wonder what it is like to live with the Vikings?
Wickie Splash by Plopsa will give you that experience!
Our team was tapped by Plopsa to help their ideas become
a reality. For each set delivered, we used special materials which
can withstand the extreme outdoor temperatures of Belgium, Poland,
and Germany to make sure that we deliver top-class items.

Super Park Thailand Bangkok

SUPER PARK THEMING

Super Park is being active, made more attractive! Super Park reached out to our team to be a part of building a place where kids can be more active. We made Super Ball, Super Hoop, Street Basketball, and Super Pinball, a large-scale pinball machine!

Planet J Theme Park Macau

ROLE-PLAY THEMING

Planet J offers one of the most unique theme-park, a role-playing game in the real world. Planet J is the world's first live-adventure kingdom; play with magic and fight evil stone-monsters in this inviting fantasy world! The team was tapped to do the theming for the whole park, from the wall facades to the stalls where the games are located. We also did the decoration for 25 big games and around 30 small games in the park.

Kampen

The Netherlands

KAMPEN LANTERNS

These lamps are customized for the weather in Kampen, Netherlands. It can withstand the rain, snow, and sun without damage and it does not moisten inside. It is also built to withstand wind force 10. Plus, the design really highlights the culture and goes with the city's overall ambiance.

Kidzania Manila Philippines

THE SNACK FACTORY

Helping kids become world-ready is one of Kidzania's missions. We shared this vision with Kidzania by building the Snack Factory. Here, kids will understand how their favorite snacks are made by interacting with our custom built machines. We also built other attractions for Kidzania Manila: Flash Freeze, Pascual (vitamin) Laboratory, Cooky Factory, Ice Cream Factory and the Disaster Earthquake elevator.

Kern Studios New Orleans

MARDI GRAS FLOATS

Our team produced some of Kern Studios' Mardi Gras Parade float items. These animatronic projects were fabricated with our trusted partners to bring uniqueness and life to the float attractions.

American Dream New Jersey

A.D. INDOOR WATERPARK

One of the largest indoor water parks, American Dream's Dreamworks Water Park, offers various experiences that our team helped bring to life. From everybody's favorite ogre, Shrek, to the jungles of Madagascar, we provided aesthetic works that make for a complete guest experience.

Toverland The Netherlands

THE DWERVELS

The Dwerfvels in Toverland add the final touch of wholesome and magical fun to the Magic Valley attraction of Toverland. We produced over a dozen of realistic animated characters made of rubber and resin, with animatronics that gave the Dwerfvels facial expressions, moving appendages and heads.

Santa's Village

Bracebridge, Canada

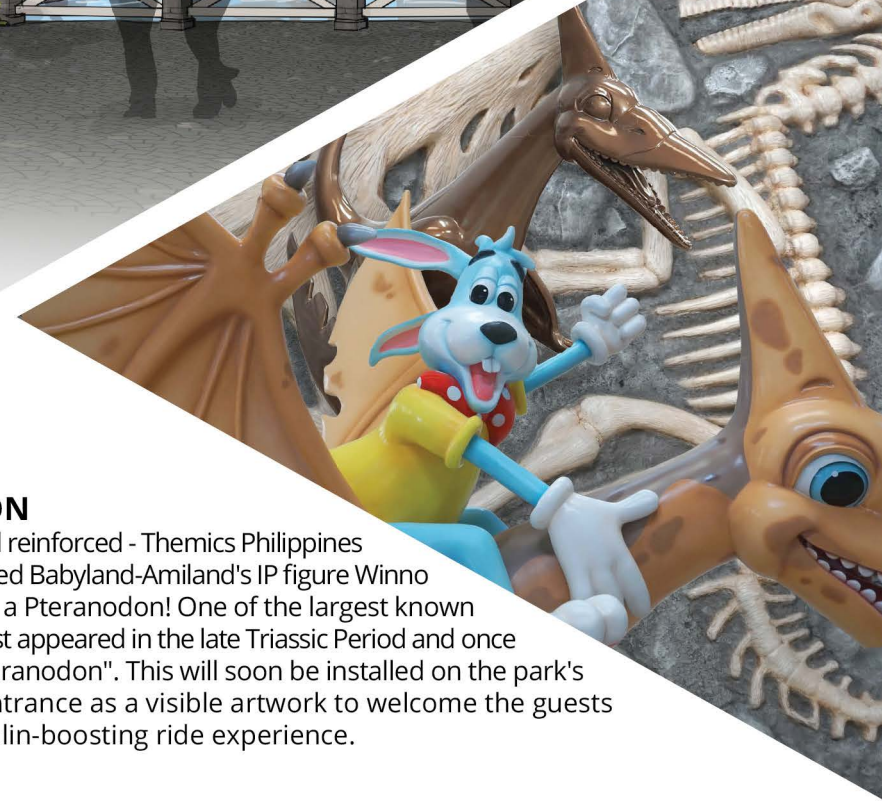

SANTA'S VILLAGE IP CHARACTERS

Experience the wonder of Christmas even in summer time! Located halfway from the equator to the North Pole, Santa's Village is Santa Claus' ideal summer home. Themics Philippines Inc. had a wonderful time manufacturing Christmas and Halloween themed decor for Santa's Village and their mascots: PP Penguin, Pirate Bear, and Snowbo were crafted meticulously for the kids (and kids at heart), having a year-round merry holiday time at the park.

Babyland

Saint-Pierre-du-Perray,
France

LE PTERANODON

Carefully detailed and reinforced - Themics Philippines Inc. flawlessly recreated Babyland-Amiland's IP figure Winno with his new friend - a Pteranodon! One of the largest known flying reptiles who first appeared in the late Triassic Period and once again here in "Le Pteranodon". This will soon be installed on the park's swing tower ride entrance as a visible artwork to welcome the guests before their adrenalin-boosting ride experience.
